

Standardization made simple

Vermed is the **ORIGINAL** chart paper company, offering the widest assortment of chart papers for all departments in the hospital from cardiology to the blood bank. We can consolidate the greatest number of suppliers for you – saving time and paperwork. Vermed manufactures our products in the USA to strict OEM specifications. We offer the exact same grade of paper, dimensions and archival qualities as the original equipment manufacturers. In fact, we make charts for many OEMs. We believe we offer the best VALUE product on the market

- OEM quality at a significant savings.
